6	Name of the Association	Dwarkadas J Sanghvi College of Engineering
7	Activity description	I donate blood to help patients who need transfusions due to surgery, trauma, or medical conditions. The process is simple and safe—blood is drawn from a vein in my arm. After donation, the blood is tested, stored, and sent to hospitals to save lives. It usually takes about 10-15 minutes, and knowing that my donation can make a real difference feels incredibly rewarding.
